WOW!

Polbax Now Has 70% More Pollen & SOD!

How do you improve on the perfect Neo-Nutritional support of a powerful product like Polbax?

Only one way – put MORE POLLEN & SOD in every tablet!

Our new “super” Polbax formula contains an amazing 70% MORE Pollen and SOD than original Polbax.

Advancements in production techniques have also allowed us to eliminate the natural resins and talc that were part of the original Polbax formulation.

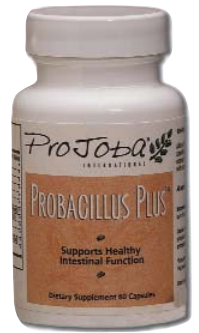

Polbax provides your body with the perfect Neo-Nutrition your body craves. Each tablet feeds your cells every micronutrient necessary to create and sustain life.

If you are currently enjoying the benefits of Polbax, you’re going to love the increased benefits of “super” Polbax. If you have not yet experienced all this wonderful product can do for you, there is no better time than now to discover what so many others already know. In fact, until the introduction of Pollen Burst, Polbax was ProJoba’s number one selling product!

The new, enhanced Polbax is priced at \$26.75 and has 21 CV points. **That’s 70% more nutritional for just 10% more in cost. Plus we have increased the commissionable volume by more than the increase in wholesale price!**

With the Holiday Product Promotion available through December 16 (see front cover for details), there is no better time to add “super” Polbax to your product order and begin enjoying the wonderful benefits of this exciting product today!

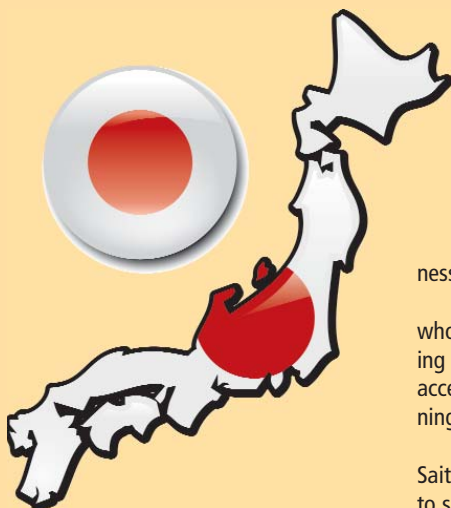

Probacillus Plus Now in “Veggie” Capsules

In our continuing effort to always enhance the quality and marketability of our products, we have recently enhanced Probacillus Plus with an all-vegetarian casing. Although difficult and more costly to do, this enhancement makes this wonderful product perfect for vegetarians (even vegans) as well as people concerned with Kosher dietary laws.

The new Probacillus Plus in “veggie” caps is priced at \$26.75 and has 21 CV points. We have increased the price by only \$2.50 from the original Probacillus Plus price and have added a full 3 CV points. Now, more than ever, Probacillus Plus is the best product in the world to help those with digestion – and even weight-loss – challenges!

WE’RE READY TO HIT THE “GO” BUTTON FOR JAPAN!

We are moving fast and furiously to be open for business in Japan by the first of the year.

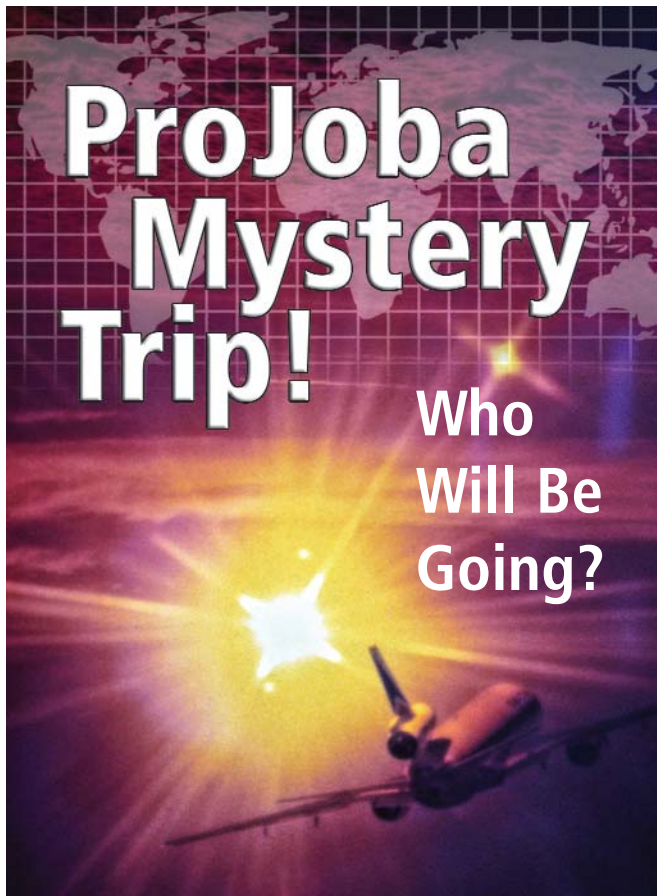

If you have any contacts in Japan (or have U.S. contacts who know people in Japan), now is the time to start preparing them for our official pre-launch in January. We will be accepting applications for Japanese distributorships beginning January 2, 2006.

With a staff of five Customer Support Representatives in Saitama, Japan (a suburb of Tokyo), we are excited to be able to support the international growth of your business!

Dr. Corey Gold will be traveling to Japan on December 16th-23th to make final preparations for the commencement of business in January. He will be meeting with our Customer Support Team to ensure all systems are a “go” for January!

If you have any questions, or need additional information for sponsoring distributors in Japan, contact the California Home Office (1-800-741-7417) for questions and procedural information.

MONTHLY CASH BONUS WINNERS!

Michael Bowman, Alabama

"I am so excited to be working with ProJoba! This is one of those rare circumstances in business when many factors converge to create an amazing business opportunity!"

Loretta Hill, Ohio

"I love contests! They always motivate me to focus on my monthly goals and activities. As a mother of three small young children, it is easy to get distracted and focusing on my daily activities really helps. I was excited to win the \$200 prize."

Margarita Sanchez, Florida

Working with upline leaders, Dan Fallow and Rex Allen, Margarita and her husband Jose had a great first month with ProJoba. New to networking, they found that the people are eager to try Pollen Burst and get involved. Congratulations to the Sanchezes and their support team!

Leslie Walczak, California

Leslie Walczak is a woman in motion. Her contest winning month was created by a strong local effort. Leslie holds regular opportunity meetings, along with Kristen Hankins. Leslie also places Wellness Reports around her city and actively networks with other business owners.

It's going to happen in the first quarter of 2006!

One top-producing ProJoba distributor will be the special guest of Dr. Corey Gold for a trip to a secret location that is integral to the long-term future and success of ProJoba International. There, this distributor will be given an insider's look at ProJoba's Neo-Nutrition Technology and some of the processes used for bringing this exciting new nutritional concept to market.

Then this distributor will report his/her findings to all ProJoba distributors in attendance at next year's Leadership Conference!

The only question is: Who will be going (and, of course, where will they be going to)?

Will it be you? It is still possible for anyone to win the trip. Even if you haven't acquired any points yet, it is entirely possible for someone to really "kick their business into gear" in December and surpass all others on the leader board!

The contest period is October through December and the trip will be awarded to the distributor with the highest cumulative point total for the three months.

1 point is awarded for each new personal customer, 3 points for each personally sponsored distributor, and 6 points for each personally sponsored distributor who purchases a Career Pack. Each monthly winner is awarded a \$500 cash bonus and the distributor with the highest cumulative 3-month point total will be going on the trip!

POLLEN BURST ON THE MOVE!

Batman has his Bat Mobile, James Bond has his "tricked out" sports cars, and now ProJoba Distributor Tom Rosello has his "Burst Mobile!"

Excited about sharing Pollen Burst with everyone in his community, Tom decided to think outside the box. In order to develop large-scale name recognition

for Pollen Burst, he wrapped his van with a specially designed mural, turning his vehicle into a giant question-getting mobile billboard!

When someone asks "what is Pollen Burst?," it is just the opening Tom is looking for. Tom made sure that his business phone number and ProJoba self-

replicated website address are prominently displayed on his van.

So if you are driving through Florida and you see a giant box of Pollen Burst zip by you on the highway, you're not going crazy...you've just been passed by Tom Rosello!
